Re: Lehman 08-13555  
claim # 11265

Borges Borges Idalia

It's been now more than four (4) years  
since Lehman was closed.

Many people and companies have been  
paid, but we the employees have been  
left behind.

It is us the employees that have had  
the worst part in this nightmare.  
Even though I submitted my claim on  
a timely basis, I have not been paid  
yet.

I have written to the trustee, but nothing  
has happened. I have called Epic, to  
no result. I have called Lehman  
Brothers human resources and they  
haven't helped either.

I was an employee in sick leave when  
Lehman was closed. (2008)

MAN people and employees have been  
asked to stay at home.

It is the policy of the company that  
employees who are sick should stay  
at home. I have not been to work  
for several days.

I have not been to work for several  
days. I have not been to work for  
several days.

I have not been to work for several  
days. I have not been to work for  
several days.

I have not been paid. My claim is number 11265 from 08-13555.

To make things worst this year (2012) they changed the health plan to a terrible plan, which has curtailed my ability to see the doctors I need to continue seeing for my health and rehabilitation.

This new (2012) plan has also changed the prescription's access.

It is so heart breaking !!

I can not believe that these people - Lehman Human Resources - the Trustee for this Lehman case - Epic - lawyers and others are paid so much money (millions of dollars) while we the employees which have only asked for that that we have worked for and which is covered by the labor laws, have to continue waiting for our money.

I do not have the money to pay a

3 lawyer. I AM NOT IN GOOD HEALTH AND  
 because of my health condition I  
 AM computer illiterate  
 CAN you please, if it pleases the  
 court, guide me to where I can  
 receive the help to get my money  
 owed by Lehman to me and the  
 reinstatement of the health plan  
 as it was before. Before they  
 unilaterally changed it to this  
 creepy, terrible health plan -

if there is justice in this world I  
 hope I can get some of it.

I AM & will be perpetually grateful  
 (thankfull) for any help or guidance  
 you can give me to solve this problem  
 and put this nightmare behind.
